ABSTRACT

This report presents the student loan default rate for individual postsecondary institutions for fiscal years (FY) 1994, 1995, and 1996. Cohort default rates are cataloged by state and in descending order of the cohort default rate. Types of loan programs in which schools are currently participating are also listed for each school. Included for each listing is a school identification number, school name, school address, program length and type, fiscal years for which cohort default rates have been calculated, number of borrowers in default, number of borrowers in repayment, the default rate, and default rate by program type. COHORT DEFAULT RATES FOR SCHOOLS
FY 1994, FY 1995, AND FY 1996 (PEPSR300)

The attached report on school cohort default rates includes the Fiscal Year (FY) 1994, FY 1995, and FY 1996 official cohort default rates for all schools, regardless of their current program participation status.

The official cohort default rates for each school are catalogued by state and in descending order of the cohort default rate. This list includes all schools for which FY 1996 official cohort default rates have been calculated, with the exception of foreign schools. Schools with fewer than 30 borrowers entering repayment in FY 1996 that do not have average cohort default rates calculated are listed at the end of their respective state listing, regardless of their actual cohort default rates.

REPORT FORMAT

Schools are listed by high to low default rate in state order. The types of loan programs the school are currently participating in is indicated in the far left column with the following code:

F = FFEL Program
D = Direct Loan Program
B = FFEL and Direct Loan Programs
C = No Longer in FFELP and/or FDSLP

a) Office of Postsecondary Education Identification Number (OPE ID) – This is a special number assigned by the Department to identify each school. A school's cohort default rate reflects borrowers attending the schools main campus and ant additional locations. The Department does not calculation separate cohort default rates for these additional locations.

b) School Name

c) School Address

d) Program Length and Type

e) Year – The fiscal years for which cohort default rates have been calculated.

f) Borrowers in Default – The number of borrowers who entered repayment in the applicable fiscal year (October 1 through September 30) and defaulted on their loans during either that year or the subsequent fiscal year.

g) Borrowers in Repayment – The number of borrowers who entered repayment status during the applicable fiscal year.

h) Default Rate – This is calculated by dividing the number of borrowers who entered repayment in a given fiscal year (denominator) into the number of borrowers who entered repayment and defaulted during the corresponding cohort period (numerator).

i) Program Rate – The type of rate calculated for a particular year as indicated by the following codes:

FL = FFEL
DL = Direct Loan
DU = Dual (FFEL and Direct Loan)
